

The Fort Rucker Outdoor Recreation Council would like to remind all turkey hunters of the basic hunting ethics and courtesies so that we can make this 2010 Turkey Season (15 March through 30 April 2010) safe and enjoyable for everyone:

- **Confirm the hunting area is open by calling Range Control**
- **Sign into your specific area by using Hunt Trac before hunting**
- **Hunt wild turkey fairly; obey and support all wildlife laws and report violations**
- **Learn, understand and always practice safe hunting practices**
- **Don't let peer pressures or the excitement of the hunt cloud my judgment**
- **Avoid interfering with another hunter; respect the right of others to lawfully use hunting areas**
- **Know the capabilities and limitations of my gun or bow; use it safely**
- **Positively identify my target as a legal bird and insist on a good shot**
- **Value the hunting experience and appreciate the beauty of the wild turkey**
- **Share responsible turkey hunting with others; work for wild turkey conservation**

Best of luck to you!
